SOLAR Connecticut P.O. Box 515 Higganum, Connecticut 06441

2010 MEMBERSHIP APPLICATION

Solar Connecticut, Inc. is a non-profit, member organization made up of more than 50 solar-related manufacturers, suppliers, designers or installers of solar photovoltaic (PV) and/or solar thermal systems in and around Connecticut. Members are also academics, architects, builders, energy companies and others.

MISSION:

- Build a state-wide community of solar power stakeholders including industry, installers, customers, educators, outreach organizations and government for the purpose of increasing awareness and use of solar electric and solar thermal power through the use of an informational website, Solar Tour events, quarterly networking meetings, email bulletins, and a government (state agency/legislative) affairs campaign.

SPECIFIC BENEFITS:

- Quarterly meetings offer opportunities to [1] network with dozens of solar industry professionals, [2] interact with state solar program managers who regularly update members on state incentive and federal stimulus program status, [3] learn about state and local government issues affecting the Connecticut solar industry such as licensing, inspection and legislative issues, [4] hear from special guests on timely topics that affect the solar industry such as ARRA, Davis-Bacon, new technologies.
- Visibility on SolarConnecticut.org, an established web-based directory that lists all members' contact information including links to member sites and displays photos of member solar job sites.
- Participate in Solar Connecticut's in-state presentation of the annual national "Solar Tour" including special member-hosted Tour site postings on the website, publicity and signage.
- Professional public relations support to promote installations and new technology.
- Participate in Solar Connecticut's government affairs effort at the state General Assembly in Hartford.
